University Medical Center - New Orleans (UCMNO)	LSU Internal Medicine Discharges by 1pm	2/1/2017	<input type="checkbox"/>	<input type="checkbox"/>

Project Name:	LSU Internal Medicine Discharges by 1pm
Start Date:	2/1/2017
Project Type:	System-Based
Facility:	University Medical Center - New Orleans (UCMNO)
Project Status:	LSU IM services will record the times of each discharge by the 4 teams with a goal of >50% by 1pm.
Clinical Endpoint:	Reach goal of >50% of LSU IM discharges to be done by 1pm.
Clinical Endpoint:	Assess causes for delays after 1pm to understand areas for improvement.
Clinical Endpoint:	Monitor discharge times against hospital established goals going forward.
Keyword:	Discharge times
Keyword:	delay
Keyword:	Internal Medicine
Strategy / QI Methodology:	CQI
Link to QI Goals	Hospital goal to have >50% of all hospital discharges be done by 1pm
Grant Support:	<input type="checkbox"/>
Endpoint Baseline:	Paper tracking by residents to record all patients admitted to the LSU IM services. Residents will record the times of all discharges done by the LSU IM services.
Endpoint Baseline:	Residents will give reasons for discharges that are after 1pm.
Endpoint Baseline:	Investigators will confirm all times listed by the residents on chart review to assess the meeting of hospital goals of >50% of discharges being done by 1pm
Endpoint Baseline:	Will assess causes for discharges after 1pm and areas for LSU IM services and hospital improvement.
Endpoint Baseline:	Paper tracking by residents to record all patients admitted to the LSU IM services. Residents will record the times of all discharges done by the LSU IM services.
Faculty Advisor:	Sanne, S.
IRB Required	<input type="checkbox"/>
Current Residents on	Internal Medicine / Emergency Medicine
