Rotating Resident Application Packet

2018-2019 Academic Year

Welcome to Baton Rouge General Medical Center! We look forward to having your rotate at our facilities.

This application is a fillable PDF file. **Please type your answers and email your completed application packet and all required attachments to your program coordinator. Handwritten applications will not be processed. Required fields on each form are outlined or underlined in red.** If a field does not apply to you, such as "ECFMG certificate date", please enter N/A.

Incomplete packets cannot be processed and will result in the delay of the start of a rotation.

All items listed below must be completed and attached in order for your application to be processed.

- ✓ Application for rights
- ✓ Authorization for release of information
- ✓ Systems Access and Confidentiality Agreement
- ✓ Resident request for privileges
- ✓ Access card application
- ✓ Non-Workforce Confidentiality Agreement

SYSTEMS ACCESS AND CONFIDENTIALITY AGREEMENT

Student/Resident Access

Security, data integrity and confidentiality are matters of concern for all persons who have access to General health Systems (GHS) information systems. Measures must be taken to ensure that any such computerized systems in use at GHS and where applicable, GHS off-site subsidiaries and affiliates can only be accessed by authorized users. As an authorized user of the GHS information systems, you have a legal and ethical responsibility to safeguard the privacy of all patients and to protect the confidentiality of their health information.

As a condition to receiving access to information, **I, (Please Print)** _____ the undersigned, understand and agree to comply with the following items:
First Name Middle Initial (Required) Last Name

1. Privileges granted to Students must be granted for periods of one school session. Students must have their privileges reauthorized by the sponsoring department head every School session.
2. An authorized network and/or application ID and password are required for computer user access to all Information Services controlled computer resources. Each ID must be directly identifiable to a specific individual, who is accountable for all actions traceable to that ID. Each individual assigned or given responsibility for an ID is sole owner of that ID and must sign the Vendor Request Form acknowledging an understanding of his/her responsibility relative to the General Health System's computer resources.
3. Regardless of the circumstances, passwords must never be shared or revealed to anyone else besides the authorized Student. To do so exposes the authorized Student to responsibility for actions that the other party takes with the disclosed password. All passwords must be immediately changed if they are suspected of being disclosed, or known to have been disclosed to anyone besides the authorized Student.
4. You will be held accountable for any/all security violations traceable to your ID/password. Audit logs of access, and system messages may be admissible as evidence should litigation occur.
5. When providing computer networking services, General Health System does not provide default message protection services such as encryption. Accordingly, no responsibility is assumed for the disclosure of information sent over General Health System networks and no assurances are made about the privacy of information handled by General Health System internal networks. In those instances where session encryption or other special controls are required, it is the vendor's/contractor's responsibility to make sure that adequate security precautions have been taken. Nothing in the paragraph should be construed to imply that General Health System policy does not support the control dictated by agreements with third parties (such as organizations which have entrusted General Health System with confidential information).

Dates: 7/1/2018-6/30/2022

Obstetrics and Gynecology - PGY 3

Description: In the course of training, the resident will care for patients under the direct supervision of attending physicians in the inpatient or outpatient setting, depending on the rotation assignment.

BB	
☒	☐ - **Currently granted privileges**
☒	To learn mid-pelvic operative deliveries, vaginal multifetal deliveries and cerclage procedures
☒	Demonstrate the capability of evaluating and managing any pregnant patient, including those presenting with trauma
☒	Demonstrate the capability of evaluating and establishing an initial plan for high risk obstetrical patients
☒	Demonstrate the capability of evaluating and managing obstetrical patients in the ICU in conjunction with critical care specialist
☒	Demonstrate the capability of evaluating and managing uncommon and unexpected obstetrical emergencies
☒	Learn gynecologic ultrasound with vaginal probe
☒	Able to do Colposcopy, Ablative treatment of the cervix, and Conization procedures
☒	Become skilled in operative procedures such as TAH, operative hysteroscopy, operative laparoscopy, ovarian cystectomy, oophorectomy, hysterosalpingogram, reproductive endocrinology and infertility, as well as full range of gynecologic diagnostic procedures
☒	Demonstrate the capability of evaluating ureteral and bladder injuries in women

Obstetrics and Gynecology - PGY 4

Description: In the course of training, the resident will care for patients under the direct supervision of attending physicians in the inpatient or outpatient setting, depending on the rotation assignment.

BB	
☒	☐ - **Currently granted privileges**

☒	Reproductive Endocrinology: The resident works with the REI faculty, evaluating patients with infertility and other pathology. During the reproductive endocrine rotation the resident will establish the basics of evaluating and managing common reproductive endocrine and infertility problems. The goal of this experience is for the resident to develop an overall understanding of Reproductive Endocrinology and Infertility, which will allow the resident to perform a basic infertility work up and provide assistance for couples attempting to achieve pregnancy. The resident should obtain the knowledge and skills necessary to manage basic endocrine disorders of reproduction.

Acknowledgment of Applicant

I have requested only those privileges for which by education, training, current experience, and demonstrated competency I believe that I am competent to perform and that I wish to exercise at the Hospital and I understand that:

A. In exercising any clinical privileges granted, I am constrained by applicable Hospital and Medical Staff policies and rules applicable generally and any applicable to the particular situation.

B. Any restriction on the clinical privileges granted to me is waived in an emergency situation and in such situation my actions are governed by the applicable section of the Medical Staff Bylaws or related documents.

General Health System

NON-WORKFORCE MEMBER CONFIDENTIALITY AGREEMENT

I, the undersigned, understand that, although I am not a member of the workforce of General Health System, ("General Health"), I may acquire certain information during my visit at General Health facilities that constitutes information that must be kept confidential. I understand that General Health's patients expect confidential treatment of their medical information and other protected health information. I understand that I may have access to confidential medical, financial and proprietary operational information pertaining to General Health, its patients, or other persons.

I agree that I will not disclose confidential medical, financial, operational, or personnel related information to any person, corporation or entity unless General Health expressly permits it or unless required by law or legal process. Any disclosure made will be reported immediately to the General Health System Privacy Officer. Confidential information includes, but is not limited to, information relating to any and all medical treatment or protected health information of persons at General Health or affiliated companies, or anyone whose records are obtained by General Health in the course of treating a patient. I agree to treat all financial information as confidential unless I receive explicit instructions to disclose it. I agree that I will not disclose any confidential information of General Health after termination of my relationship with General Health, regardless of the circumstances of the end of my services with General Health, unless I have received prior permission in writing from General Health.

I understand that my entering this agreement is a condition of my continued relationship with General Health and its affiliates.
